

What to Bring

The marine environment can often be cooler and wetter than land. In general, long pants, a long sleeved t-shirt and sneakers are appropriate clothing. In case of rain, you may want to bring a small bag or backpack with extra clothing including the following suggested items.

- _____ Wool Sweater or Pile jacket
(something that keeps you warm when wet)
- _____ Extra pair of socks (wool or synthetic)
- _____ T-shirt
- _____ Wool Hat or Baseball Cap (or some sun hat)
- _____ Sunglasses and sunscreen
- _____ Windbreaker

Salish Sea Expeditions will provide life jackets and heavy duty raingear (M, L or XL jackets and pants)
